Water Supply rates in Maharashtra

536. PROF. RAM KAPSE: Will the Minister of URBAN AFFAIRS AND EMPLOYMENT be pleased to state:

(a) whether Government have received any communication from Government of Maharashtra requesting to increase the rate of water supply in Urban Area of Maharashtra from 70 lpcd to 100 lpcd;

(b) if so, the decision taken thereon;

(c) if no decision has yet been taken, the reasons therefor; and

(d) by when a decision is expected to be taken?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN AFFAIRS AND EMPLOYMENT (SHRI BANDARU DATTATREYA): (a) Yes, Sir, The State Government of Maharashtra had sent a request in July, 1996, to relax the norms of water supply from 70 lpcd to 100 lpcd for the schemes under the Accelerated Urban Water Supply Programme (AUWSP).

(b) A decision was taken that 70 lpcd is adequate for the towns having population upto one lakh, since these towns do not have large industrial and institutional requirments of water and Maharashtra Government was informed accordingly.

(c) and (d) In view of (b) above, does not arise.
